Name	The New Theatre of the Disabled
Short description	<p>The New Theatre was established in 2008. The New Theatre is the first of its kind in Lithuania, independent and aspiring to professional theatre-making. It is a theatre for people with disabilities and people from various social groups: healthy and disabled, professional and amateur artists together create theatre performances. Over the course of seven years the New Theatre has presented thirteen performances to an audience of adults and children.</p> <p>The New Theatre is developed as a social enterprise of disabled persons with multiple departments: artistic part, administration, management and projects group. We currently employ 35 people (in the 21-70 age range), 32 of which have a disability (blindness, poor vision, wheel chair, physical and mental disabilities), they receive remuneration each month.</p> <p>The New Theatre shows its productions all over Lithuania (professional state theatres, culture centers, schools, pre-schools institutions, cultural events). The New Theatre is not attached to a permanent troupe or only one artistic director, by means of different theatre forms and methods the Theatre offers a wide and diverse range of performance genres (puppet shows, clownade, meditative reading, poetry, table theatre, drama, comedy, tragicomedy, vaudeville, etc.).</p> <p>The New Theatre also works with volunteers (mainly young people, pupils and students) and provides theatre skills training.</p> <p>In the year 2016, The New Theatre in Lithuania was awarded with two important nominations: “Breaking Down the Walls” and “Heroes Among Us” from the President of the Republic and Ministry of Social Security and Labor.</p>
