Proposed Creative Europe project

Field(s)	Exhibitions, art events, capacity building for young curators and art professionals
----------	---

Description

The project aims building capacity of young curators and art event creators to enable them bring new aesthetic, innovative practices, new business approaches to the exhibitions and art events. Special focus is made on the development of innovative approaches to the digitization of the physical events. The project will be built around the collections of the Theatre Museums or Stage Property collections of the theaters, so it on the one hand contribute to the creation of innovative displays for these institutions and their promotion, and on the other put in to the international exchange of theatres and intercultural dialogue.
