The ESPRONCEDA program provides production residencies for national/international artists & curators and curates a cumulative exhibition of their work in Barcelona at the end of each residency. ESPRONCEDA encourages international artists, both established and emerging, to develop their own work and creativity, and to spread their inspiration beyond their physical stay in space. The Institute promotes educational and cultural programs and diffusions by presenting exhibitions and concepts by renowned artist as well as by exploring curatorial concepts and by organizing a variety of concerts, workshops, roundtables and hosting meetings for art professionals. ESRPONCEDA also wants to be a catalyst for empowering out-of-the-box thinking, enhance creativity & innovation which are relevant in other sectors of human life, not only art.
